Activity) End of Section Review, Logging

Blue Team Level 1 Certification (Standard) > SI2) Logging > Activity) End of Section Review, Logging

Congratulations on completing this section of the SIEM domain! This knowledge review is designed to test what you have learned about logging for security monitoring and investigation purposes. You will be able to re-take the quiz as many times as you like, but will need a score of 70% or above to pass. It is important that you feel confident answering these questions to ensure that you can complete tasks within the BTL1 exam and pass to become certified. If you get stuck, use the **Hint** feature!

Good luck!

KNOWLEDGE REVIEW

[1/5] What is the name of the protocol that allows logs to be sent from Linux-based systems, applications and network devices to a server for centralized log management.
