# Section Introduction, Digital Forensics

Blue Team Level 1 Certification (Standard) &gt; DF1) Introduction to Digital Forensics &gt; Section Int...

**IN PROGRESS**

This initial section of the Digital Forensics domain will cover the core concepts regarding forensics and digital forensics, allowing you to build a foundation which we will build upon throughout this domain, developing both your knowledge and practical ability to conduct work in this domain. We will cover what exactly digital forensics is, as well as the computer forensics process.

## LEARNING OBJECTIVES

By the end of this section you will have achieved the following objectives:

- Understand what digital forensics is, and how DFIR is different.
- Understand what the computer forensics process is, and how to follow it.
- Create a foundational understanding of digital forensics, which will be built upon throughout this domain.
