Digital Forensics Domain  
END OF SECTION REVIEW

Congratulations on completing this section of the Digital Forensics domain! This knowledge review is designed to test what you have learned about collecting data which can be later analysed to discover digital evidence artefacts. You will be able to re-take the quiz as many times as you like, but will need a score of 70% or above to pass. It is important that you feel confident answering these questions to ensure that you can complete tasks within the BTL1 exam and pass to become certified. If you get stuck, use the **Hint** feature!

Good luck!

## KNOWLEDGE REVIEW

[1/7] If a forensic analyst wants to take a complete copy of a hard drive that is thought to contain digital evidence, what does the analyst need to use to ensure the integrity of the evidence whilst it is being copied?

- ☐ Gloves
- ☐ Hardware Write-Blocker
- ☐ Photographs
- ☐ Another Forensic Analyst to Assist

Hint
