In this activity you'll be examining three different suspicious emails to determine what tactics are being used, improving your ability to detect suspicious indicators and correctly identify phishing attack types and the techniques they are utilising. You can attempt the quiz as many times as you want, but you will need to score 70% or higher to pass the lesson. If you get stuck, use the **Hint** feature!

CHALLENGE SUBMISSION

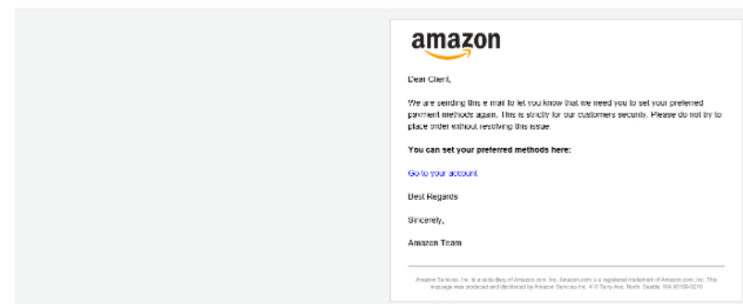

[1/3] Which tactics are the following phishing email using? Select ANY that apply.
