# Section Introduction, Autopsy

Blue Team Level 1 Certification (Standard) &gt; DF7) Autopsy &gt; Section Introduction, Autopsy

**IN PROGRESS**

## Digital Forensics Domain SECTION INTRODUCTION

This section of the Digital Forensics domain is going to cover the tool Autopsy, what it does, how to use it, and provide you with an exercise so you can get some practical experience. Autopsy is a powerful and fast tool when it comes to analyzing disk images to collect digital evidence, and is used all over the world, from security teams to law enforcement.

## LEARNING OBJECTIVES

By the end of this section you will have achieved the following objectives:

- Learn about Autopsy and it's capabilities.
- Learn how to navigate and use Autopsy at a basic level.
- Participate in an Autopsy exercise to reinforce what you have learned about this tool, and use it to collect information from a disk image.
